Dealer Certificate

Remu Oy is a manufacturing company located in Finland, town of Ähtäri.

We specialize in highly efficient swamp excavators: **Big Float Amphibious Excavators**.

Big Float amphibious excavator is an all-terrain self-propelled floating excavator, capable to efficiently operate in swamp and mud conditions, safely dredge in open water depth up to 6m and move on shorelines.

All Remu products are engineered and manufactured at our factory in Finland from premium quality materials and components. We deliver durable, strong equipment, requiring least maintenance over the years and therefore saving cost for our customers. Remu: more productive operation in all weather conditions with less downtime and maintenance cost.

With this letter we certify company **GRAFFT**, with address 4 Tverskaya-Yamskaya Ulitsa, 2/11 building 2 Moscow, Russia, 125047, as officially appointed Remu dealer in Russia, Kazakhstan, Ukraine and Belorussia to promote, sell and service Remu Big Float Amphibious Excavators to customers on these markets with full support from Remu Oy.

Validity: one year from the date of issue; to be prolonged annually upon mutual agreement.

Respectfully,

Pavel Syrtsov

Business Development Manager, Remu Oy
